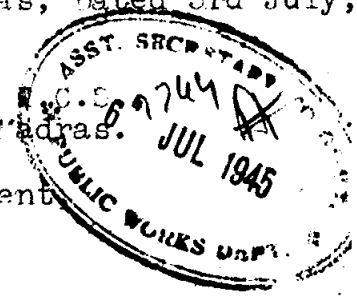
No.A.3.3190/45. Office of the Commissioner of Labour, Chepauk, Madras, Dated 3rd July, 45.



From

C.K.Vijayaraghavan Esq., I.C.S.,
Commissioner of Labour, Madras.

To

The Secretary to Government,
Public Works Department,
Fort St. George, Madras.

Sir,

Labour Department - Education - South Kanara District - Labour Schools - Additional teachers - Appointment of - Proposals.

--

The Collector of South Kanara requests that sanction may be accorded for the appointment of two additional teachers in two of the Labour Schools in the district. The appointment of these teachers is recommended by the District Educational Officer. A copy of the Collector's letter No.603-45-S.1 dated 23-6-45 is enclosed. I request that the Government may be pleased to sanction the appointment of two additional teachers of the High Elementary grade , one for the Labour School at Pilicode and ~~one~~ for the Labour School at Poloor of South Kanara District. The expenditure will be met from the current year's budget provision under 'Education'.

I have the honour to be,
sir,
Your most obedient servant,

for Commissioner of Labour

Copy of letter No. C.No. 603-45-S1 from the Collector of South Kanara. dated 23-6-1945

Labour Department - South Kanara District - Education - Labour Schools - Appointment of additional teachers - requested.

On account of the requisitioning of the lands assigned to the members of the scheduled class in the school zone of the Labour School at Mela, for military purposes, in 1944, the school which was a plural teacher school deteriorated and its attenance continued to be uneconomic. The District Educational Officer, South Kanara, who was consulted was in favour of reducing it to a single teacher school. Accordingly the assistant teacher of this school was transferred to the labour School at Kunniye. The attendance continued t fall and became uneconomic even for a single teacher and there was no scope for improvement as almost all the families of the scheduled classes in the School zone, had evacuated to distant places. I have therefore after consulting with the District Educational Officer, South Kanara, ordered the shifting of this School to a place called Bombrana where it is reported that there are many children of schoolage belonging to the scheduled class. The new school to be opened at Bombrana will be a single teacher's school.

2. The average attendance of pupils of the labour school at Pilicode which is a plural teacher school has improved and justified the appointment of one additional teacher in each of these two schools. The statistics of attendance are given in the margin.* The District Educational Officer, South Kanara, is in favour of appointing one additional teacher to each of these two schools. I request that a third teacher's post may be sanctioned to the labour school at Pilicode and a second teacher's post to the labour school at Bolbor.

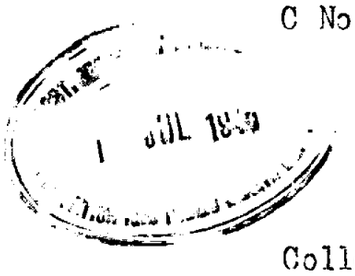
C No. 7744 A/45 From the Commissioner of Labour No. A.3. 3190/45 dated 3rd July 1945.



At the instance of the District Educational Officer and the Collector of South Kanara, the Commissioner of Labour recommends the appointment of two additional teachers of the Higher Elementary Grade, one for the labour school at Pilicode and the other for the labour school at Baloor.

3190

2. The average attendance in the Labour school at Pilicode ranges from 44 to 54 and is not even 70, the maximum prescribed for two teachers under Rule 71 of the Madras Educational Rules. There are already two teachers in this school and the appointment of a third teacher appears to require further justification. As regards the labour school at Baloor the average attendance ranges from 26 to 32 and is not even 35 the maximum prescribed for one teacher under the above Educational Rules. There is already one teacher in this school and the appointment of a second teacher does not appear to be justified. In the circumstances, orders are requested whether the C. of L. may be informed that the Govt. see no justification to sanction the additional teachers required for the above two schools, as the average attendance does not satisfy th requirements of Rule 71 of the Madras Educational Rules.

3. The file may be sent to E & P.H. deptt. for remarks.

X

Re average attendance at Baloor in 4 months exceeded 30 — for which it would be desirable to have a second Teacher. With one Teacher and the average non-residential instruction attendance should be more than two Teachers — the present staff should be able to manage. Pilicode strength & attendance is however rising and Collector may be told to report the attendance etc after six months

There is already a teacher working in the 4th
Bolpur Labour School. The average attendance
of the Labour School has no doubt risen
from 26 in June 1944 to 32 in Dec 1944. But as ✓ overpage 3 C.F.
the average attendance is below 35, the School ✓ MER 71 - Extract
is eligible for only one teacher. In view of the at ©
meagre average attendance, the case for an
additional teacher in this School is not strong
and that if an exception is made in this
case, it will be difficult to resist
similar proposals from other Schools (on the ground of large number of Standards)
Finance may,
therefore, suggest that the proposal may be
deferred for the present and the attendance watched
before strengthening the teaching staff.

G.M. to the G.L. No. 7766 A/45.2 d. 28.7.45

From do. No A.3.3190/45 d. 27.9.45

Please see the letter from the Collector of South Kanara on p. 7 C/F, in which the average attendance in Baloor and Pillicode Talwar schools from January 1945 to June 1945 has been given. Though the average attendance does not justify the appointment of additional teachers immediately, it seems that, in view of both the schools having five standards, the additional teachers recommended (X) by the District Educational Officer may perhaps be sanctioned. Please see in this connection A.G.'s minute on p. 3 N/F of G.O. No 2232 P.W.D. dated 24.8.1945 A/ Pillicode may not need another teacher.
